

GLOBAL PARKING SYSTEM, INC.
World Class Parking at Each and Every Location

Global parking System, Inc, is a global parking and transportation company that specializes in parking, maintenance, technology, transportation, and asset management. We lease, service, and own commercial, public, and private parking facilities. Our focus is on delivering premier parking solutions that maximize ease and convenience for the traveler and enhance the image and profitability of our clients. We do this by providing exemplary service, innovative solutions, and carefully considering the bottom – line concerns of our clients, both public and private.

Differentiators

The difference Global parking System provides, is in the quality of selection, orientation, training, management, attention to detail and how well we understand the importance of collaborating with our clients. GPS's commitment to the process and the development of our human resources is unparalleled in the industry. We continually tout our ability to increase revenue, decrease customer complaints and improve the overall customer experience by value-added amenities and convenience.

Our Mission

*To operate a global parking and maintenance company dedicated to the integrity, growth, professionalism, value and leadership, while providing quality service to customers and clients. **Our goal**, simply stated, is to provide the highest level of customer service at the lowest possible cost, and ensure the business is operated efficiently and professionally.*
